

DiSC® in the County Workplace

EVERYTHING 

The Association of Minnesota Counties is offering Minnesota counties and AMC affiliate groups the opportunity to reserve a DiSC® class for their leadership teams (commissioners and department heads) or front line employees.

DiSC® programming is designed for Minnesota county government employees to develop stronger teams and more effective relationships. It can be used by everyone in an organization, regardless of title or role.

What is DiSC®?

DiSC® is a personal assessment tool used to improve work productivity, teamwork and communication. DiSC® is non-judgmental and helps people discuss their behavioral differences. If you participate in a DiSC® program, you'll be asked to complete a series of questions that produce a detailed report about your personality and behavior.

Participants will:

- Discover their DiSC® style
- Understand their reactions to coworkers
- Build more effective work relationships

AMC is excited to now be able to offer members and affiliates two modules of the DiSC® Program at a discounted rate.

* Module 1 is required prior to module 2.

MODULE 1: “DISCOVERING YOUR DiSC® STYLE”

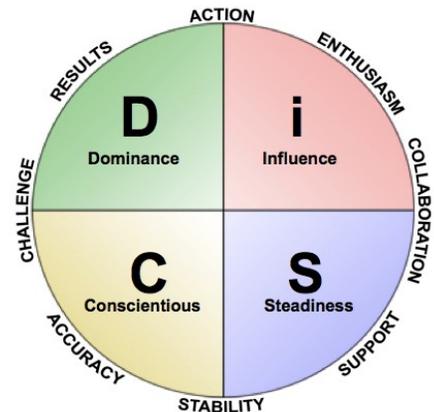

Length: 90 minutes

Goals:

- Learn about the DiSC® model and the *Everything DiSC® Workplace Map*
- Identify your style and explore the priorities that drive you during your workday
- Discover the similarities and differences among the DiSC® styles

Activity Description:

Participants walk through the framework of the DiSC® model and watch a video that introduces the model. They learn about their DiSC® styles, how their priorities influence their actions, and what motivates and stresses them. They then create flipchart descriptions of a day in the life of their styles and share them with the large group. Finally, they reflect on what they've learned and write down ideas they want to remember.

MODULE 2: “UNDERSTANDING OTHER STYLES”

Length: 90 minutes

Goals:

- Discover your reactions to different DiSC® styles.
- Identify what works for you and what challenges you when working with each style.
- Use the DiSC® model to understand the people you work with every day.

Activity Description:

Participants watch video segments introducing four coworkers in a game-show format and decide who they would most and least like to work with. They get into groups according to the character they least want to work with. They read about how they might react to that character, then record on a handout what is difficult and what works for them when working with that style. They share with their small groups and create a flipchart showing what's difficult and what works.
